SECTION II – PROJECT SPECIFICATIONS AND SCOPE OF WORK.

PART 1 – PROJECT SUMMARY

The King County Solid Waste Division (Division) is seeking a contractor (Contractor) or team of contractors qualified in the fields of education and volunteer coordination to continue the development and implementation of the King County Master Recycler Composter (MRC) Program. The MRC Program furthers King County's long-term commitment to reduce waste and recycle by educating King County residents outside Seattle through a volunteer training and community outreach program.

The MRC education and outreach program provides interested citizens with the knowledge and resources required to help their local communities reduce solid waste through waste reduction, recycling, composting, and proper disposal of household hazardous products. Trained Master Recycler Composter volunteers (MRCs) disseminate practical, personalized information through a multitude of organized community events, self-initiated projects, and informal educational situations that extend beyond the reach and budget of a professional staff or media campaign.

Since the King County MRC Program began in 1990, the County has developed an MRC training curricula and resource manual, composting demonstration sites, education displays, and other public outreach tools. MRCs have started numerous educational and recycling collection programs at work places, schools, and in their neighborhoods, and distributed thousands of King County recycling, waste reduction, and composting brochures. In addition, MRCs help maintain established compost information displays at local nurseries and they staff question and answer sessions at these locations. Since 1990, 26 trainings have been held and 523 volunteers (MRCs) have completed the training. In addition, MRCs have volunteered over 16,000 hours through more than 2,600 outreach activities.

The objectives for the 2006 MRC Program include:

- Coordinating volunteer education and outreach opportunities that reflect Division resource conservation goals and priorities
- Hosting several complementary training opportunities for MRCs
- Conducting an annual training for new volunteers
- Creating and conduct an advanced training module for alumni
- Hosting continuing education events for alumni
- Using phone, email, and Web site communications media to coordinate volunteer outreach and training opportunities
- Fostering a strong sense of community and strengthen communication channels among MRCs
- Increasing public awareness of the MRC program
- Continuing to monitor and evaluate the effectiveness of MRC activities and education.

PART 2 - BACKGROUND

The Division is part of the King County Department of Natural Resources and Parks (Department). The Department's mission is to be the steward of the region's environment and strengthen sustainable communities by protecting our water, land, and natural habitats, safely disposing of and reusing wastewater and solid waste, and providing natural areas, parks, and recreation programs. Accomplishing this mission will fulfill the Department's overall vision of working with King County residents to sustain a livable, clean, and healthy environment for current and future generations.

As our regional population, economy, and waste generation grow, waste reduction and recycling continue to be our most important allies for managing solid waste in the future. In the late 1980s, King County established waste reduction and recycling as top priorities for managing solid waste. In the 1990s, the implementation of curbside recycling programs and the ban on yard waste in the garbage collected at the curb led to significant increases in the diversion of recyclable materials from the landfill. Since 1995, however, King County recycling

rates have plateaued and in some cases declined. For the Division to continue to make progress in reducing waste and recycling, a new approach is needed that builds on past successes.

As a guiding long-term principle in the Solid Waste business plan, the Division has committed to **Zero Waste of Resources 2030**. This means that materials that have economic value should not be disposed, but rather reused or recycled. An estimated 58% of the waste materials disposed at transfer stations have economic value, recycling markets, and infrastructure in place. Zero Waste does not mean zero garbage, but rather what is disposed is waste and truly has no other value.

Waste reduction and recycling have proven to be environmentally sound and cost-effective strategies for managing solid waste – strategies that are backed by strong public support. The County's successes have been achieved through the combined efforts of the Division's recycling and environmental services programs, the regional agencies supporting the Local Hazardous Waste Management Plan (LHWMP), solid waste haulers, private recycling firms, businesses and residents, and suburban cities' resource conservation programs.

Public education contributes to the realization of the Department's mission and vision, and the Division has a variety of programs, including the MRC Program, which provides information, education, and assistance to solid waste generators on reducing and recycling waste.

PART 3 - SCOPE OF WORK

Under the direction of the Division project manager, the selected Contractor shall be responsible for the continued development, implementation, and evaluation of the MRC volunteer training and outreach program. The county shall be responsible for designing, printing, and mailing program materials, providing contractor oversight, and recruiting for the annual MRC volunteer training. The final contractor Scope of Work will be negotiated after contractor selection. A detailed description of the Scope of Work for this project is included with this RFP as [Exhibit A](#). The selected Contractor shall continue the delivery of the following basic program components (abbreviated Scope of Work):

A. Program Development and Training

The Contractor shall plan and provide an MRC training through presentations, field trips, and hands-on activities, approximately 40 hours in length and comparable to past MRC Program trainings. The selected Contractor shall prepare and/or acquire all educational materials and supplies for the training.

B. MRC Outreach and Volunteer Coordination

The Contractor shall work with the Division, King County cities outside of Seattle, and members of the community to identify outreach opportunities for MRCs who have completed the MRC Program training. The Contractor shall provide a volunteer coordinator to schedule and oversee the outreach of the MRC volunteers and to serve as a liaison between the Division and the public for utilization of the MRCs. In addition, the Contractor shall maintain a volunteer Web site to serve MRCs who wish to communicate with the volunteer coordinator as well as to relay messages and information to MRCs.

C. Communication

The Contractor shall write a first draft of each edition of the quarterly MRC Program newsletter.¹ The Contractor shall also draft eight communication pieces in the form of postcards, flyers, or letters to be released between quarterly newsletters such that MRCs will receive a mailing each month. The pieces can announce upcoming outreach opportunities, continuing education events, or other topics. The Division will design, print, finalize, and post mail or e-mail the newsletter and interim communication pieces.

D. Information Tracking and Database

The Contractor shall maintain an already developed data-driven, interactive Web site using ASP technology for the web pages and Microsoft SQL Server 2000 as the backend database server. The

¹ A past issue of this newsletter can be viewed at the following Web site:
http://metrokc.gov/dnrc/swd/mrc/documents/MRC_newsletter.pdf

database tracks all volunteer events, activities and outreach, allowing both the Contractor and the Division to monitor MRC outreach services and activities. Reports summarizing MRC outreach activities, events, and upcoming opportunities will be submitted to the Division on a monthly basis.

The Contractor shall also maintain the existing volunteer Web site Including Web site update, general debugging, and maintenance. The Contractor shall perform data entry and develop activity reports. The Contractor shall work with county representatives to ensure that the Contractor-hosted Web site is consistent with county requirements.

E. Program Evaluation and Final Report

The Contractor shall evaluate the program to identify overall program effectiveness and value, problems and how they were corrected, and suggestions for program improvement. Training questionnaires, training evaluations, and MRC outreach forms have previously been developed through the program, but the Contractor may recommend alternative approaches. The Contractor shall also prepare a thorough final report documenting program evaluation results and summarizing yearly program activities.

F. Additional Information

The selected Contractor shall be expected to coordinate with local Washington State University - King County Extension (Extension) staff assigned to associated tasks for the MRC Program such as continuing education events and serving as guest speakers at some of the annual training sessions. This coordination may involve meetings on an occasional or even a regular basis (approximately once or twice quarterly).

In addition to addressing the required components above, the respondents to this RFP may propose additional elements or strategies that will contribute to a comprehensive MRC Program. If proposed, additional elements or strategies must be detailed in a section separate from the required scope of work.

PART 4 - TIME OF PERFORMANCE

The terms of the contract are limited to one year, after which, at the sole option and discretion of the Division, this contract may be extended in one-year increments up to two additional years.

PART 5 - BUDGET

The total budget for the 2006 contract is expected to be approximately \$120,000. The amount and availability of funds for any subsequent year is dependent on approval of the annual budget by the King County Council.

Contract Terms for Pricing and Rates

General

1. The Profit rate for this contract shall not exceed 10%. The same profit rate applies to the Contractor and each sub-contractor.
2. Labor rate adjustments are limited to once a year. Labor rates for the following calendar year (should a contract be extended) will be negotiated in November – December.
3. Labor rate adjustments for the following calendar year are limited to the percentage difference in the Consumer Price Index (CPI) for the local Seattle-Bremerton-Tacoma area, based on All Urban Consumers for August of the current year versus August of the previous year, plus no more than 2%. Labor rate adjustments for the following calendar year or made during the course of the following year, are limited to the percentage difference in the Consumer Price Index (CPI) for the local Seattle-Bremerton-Tacoma area, based on All Urban Consumers for the first six months of the current year versus the first six months of the previous year, plus no more than 2%. Exceptions may be granted in rare instances.

4. All contractors and sub-contractors have the option of using the direct salary and overhead pricing (Section B) versus labor category pricing (Section C). Small firms (usually defined as fewer than 15 employees) have the additional option of using individual billing rate pricing, as described in Section D.

5. Employees may be granted a raise to a higher category January 1st of each year subject to prior approval by King County. Contractor staff moved between categories shall be assigned work appropriate to that category.

D. Individual Billing Rates

1. The Individual Billing Rates method is appropriate for small firms with no accounting system in place which identifies direct and indirect costs separately. A firm's approved billing rates for the year will be used that year for all new contracts and all amendments, whether the firm is prime or sub-contractor.
2. Individual billing rates are negotiated based on market analysis. The firm shall provide information as requested on the qualifications, experience, and salary of the firm's employees to assist in conducting a market analysis of proposed billing rates.

PART 9 – King County Contracting Opportunities Program

The purpose of the King County Contracting Opportunities Program is to maximize the participation of Small Economically Disadvantaged Businesses (SEDB) through the use of rating points in the award of King County competitively bid contracts for the acquisition of technical services. The program is open to all firms that are certified as an SEDB by King County's Business Development and Contract Compliance Office.

A "Small Economically Disadvantaged Business" (SEDB) means that a business and the person or persons who own and control it are in a financial condition, which puts the business at a substantial disadvantage in attempting to compete for public contracts. The relevant financial condition for eligibility under the Program is set at fifty percent (50%) of the Federal Small Business Administration (SBA) small business size standards using the North American Industrial Classification System (NAICS), and an Owners' Personal Net Worth less than \$750K dollars.

A "Certified Firm" means a business that has applied for participation in King County's Contracting Opportunities Program, and has been certified as an SEDB by the King County Business Development and Contract Compliance (BDCC) office. Information about becoming a Certified Firm, as well as a list of Certified Firms, may be obtained by visiting the King County's Contracting Opportunities Program Website address: <http://www.metrokc.gov/exec/bred/bdcc/prog/kccontractopp.htm> or contacting the BDCC office at (206) 205-0711.

In the evaluation of proposals, ten points will be allotted for SEDB participation. King County will count only the participation of SEDBs that are certified by King County at the date and time of proposal submittal. After tabulation of the selection criteria points of all prime submitters, ten (10) points shall be added to the score of all proposals that meet at least one of the two following sub-criterion:

1. If the Prime submitter is a SEDB firm that anticipates performing work for the entire contract unassisted and includes the SEDB certification number on page one of this submittal.

2. If the Prime submitter is not an SEDB but will use SEDBs for at least 5% of the total contract labor hours in the work to be performed in this contract, and who complete the following table and include it in their proposal submission:

SEDB Certification Number	Sub-Consultant Name	Contact Name / Phone	Work to be performed	Percentage of Total Hours

SEDB participation shall be counted only for SEDBs performing a commercially useful function according to custom and practice in the industry. A commercially useful function is defined as a specific scope of work for which the SEDB has the management and technical expertise to perform using its own workforce and resources.

SECTION III - NONDISCRIMINATION AND AFFIRMATIVE ACTION

If a contract is awarded from this Request for Proposal, it will contain the following contract language:

PART 1: NON-DISCRIMINATION

- A. King County Code Chapters 12.16, 12.17 and 12.18 are incorporated by reference as if fully set forth herein and such requirements apply to this Contract; provided however, that no specific levels of utilization of minorities and women in the workforce of the Consultant shall be required, and the Consultant is not required to grant any preferential treatment on the basis of race, sex, color, ethnicity or national origin in its employment practices; and provided further that, notwithstanding the foregoing, any affirmative action requirements set forth in any federal regulations, statutes or rules included or referenced in the contract documents shall continue to apply.
- B. During the performance of this Contract, neither the Consultant nor any party subcontracting under the authority of this Contract shall discriminate nor tolerate harassment on the basis of race, color, sex, religion, nationality, creed, marital status, sexual orientation, age, or the presence of any sensory, mental, or physical disability in the employment or application for employment or in the administration or delivery of services or any other benefits under this Contract.
- C. The Consultant shall, prior to the commencement of the work and during the term of this Contract, furnish the County, upon request and on such forms as may be provided by the County, a report of the affirmative action taken by the Consultant in implementing the terms of this section. The Consultant will permit access by the County to the Consultant's records of employment, employment advertisements, application forms, other pertinent data and records related to this Contract for the purpose of monitoring and investigation to determine compliance with these requirements.
- D. The Consultant shall implement and carry out the obligations contained in its Affidavit and Certificate of Compliance regarding equal employment opportunity. Failure to implement and carry out such obligations in good faith may be considered by the County as a material breach of this Contract and grounds for withholding payment and/or termination of the Contract and dismissal of the Consultant.
- E. The Consultant shall comply fully with all applicable federal, state and local laws, ordinances, executive orders and regulations that prohibit such discrimination. These laws include, but are not limited to, RCW Chapter 49.60 and Titles VI and VII of the Civil Rights Act of 1964.
- F. During the performance of this Contract, neither the Consultant nor any party subcontracting under the authority of this Contract shall engage in unfair employment practices. It is an unfair employment practice for any:
 - 1. Employer or labor organization to discriminate against any person with respect to referral, hiring, tenure, promotion, terms, conditions, wages or other privileges of employment;
 - 2. Employment agency or labor organization to discriminate against any person with respect to membership rights and privileges, admission to or participation in any guidance program, apprenticeship training program, or other occupational training program;
 - 3. Employer, employment agency, or labor organization to print, circulate, or cause to be printed, published or circulated, any statement, advertisement, or publication relating to employment or membership, or to use any form of application thereof, which indicates any discrimination unless based upon a bona fide occupation qualification;
 - 4. Employment agency to discriminate against any person with respect to any reference for employment or assignment to a particular job classification;
 - 5. Employer, employment agency or a labor organization to retaliate against any person because this person has opposed any practice forbidden by KCC Chapter 12.18 or because that person has made a charge, testified or assisted in any manner in any investigation, proceeding or hearing initiated under the provisions of KCC Chapter 12.18;
 - 6. Publisher, firm, corporation, organization or association printing, publishing or circulating any newspaper, magazine or other written publication to print or cause to be printed or circulated any

advertisement with knowledge that the same is in violation of KCC Chapter 12.18.030C., or to segregate and separately designate advertisements as applying only to men and women unless such discrimination is reasonably necessary to the normal operation of the particular business, enterprise or employment, unless based upon a bona fide occupational qualification; and/or

7. Employer to prohibit any person from speaking in a language other than English in the workplace unless:
 - a. The employer can show that requiring that employees speak English at certain times is justified by business necessity, and
 - b. The employer informs employees of the requirement and the consequences of violating the rule.

PART 2: REQUIRED SUBMITTALS

- A. All Consultants entering into a contract or agreement with King County valued at \$25,000 or more shall, after the proposer receives written notice of selection, submit the following:

 2. An Affidavit of Compliance demonstrating the Consultant's commitment to comply with the provisions of KCC Chapter 12.16.
 3. A Sworn Statement of Compliance with 12.16 from any labor union or employee referral agency that refers workers or employees or provides or supervises training programs from whom the Consultant obtains employees.
- B. The County will not execute any agreement or contract without prior receipt of fully executed forms listed in subparagraph A above.
- C. Assistance with the requirements of this Section and copies of Chapters 12.16, 12.17 and 12.18 are available from the Business Development & Contract Compliance (BDCC) Section, phone (206) 205-0700.

PART 3: NONDISCRIMINATION IN SUBCONTRACTING PRACTICES

- A. Compliance with Initiative 200. In accordance with the provisions of Washington Initiative 200, no County Minority and Women Business (M/WBE) utilization requirements shall apply to this Contract. No minimum level of M/WBE sub-consultant participation or purchase from M/WBE certified vendors is required and no preference will be given by the County to a bidder or Proposer for their M/WBE utilization or M/WBE status. Provided, however, that any affirmative action requirements set forth in any federal regulations or statutes included or referenced in the Contract documents will continue to apply.
- B. Non-Discrimination. During the term of this Contract, the Consultant shall not create barriers to open and fair opportunities to participate in County contracts or to obtain or compete for contracts and subcontracts as sources of supplies, equipment, construction and services. In considering offers from and doing business with sub-consultants and suppliers, the Consultant shall not discriminate against any person on the basis of race, color, creed, religion, sex, age, nationality, marital status, sexual orientation or the presence of any mental or physical disability in an otherwise qualified disabled person.

During the performance of work performed under any Agreement resulting from this RFP, neither the consultant nor any party subcontracting under the authority of the agreement shall discriminate or engage in unfair contracting practices prohibited by K.C.C. 12.17.

- C. Record-Keeping Requirements. The Consultant shall maintain, for at least 6 years after completion of all work under this contract, records and information necessary to document its level of utilization of M/WBEs and other businesses as sub-consultants and suppliers in this contract and in its overall public and private business activities for the same period. The Consultant shall also maintain, for at least 6 years after completion of all work under this contract, all written quotes, bids, estimates or proposals submitted to the Consultant by all businesses seeking to participate on this Contract. The County encourages the following practices to promote open competitive opportunities for small businesses including M/WBEs:

3. Breaking down total requirements into smaller tasks or quantities, where economically feasible, in order to permit maximum participation by small businesses including M/WBEs.
4. Establishing delivery schedules, where the requirements of this contract permit, that encourage participation by small businesses, including M/WBEs.
5. Providing small businesses including M/WBEs that express interest with adequate and timely information about plans, specifications, and requirements of the contract.
6. Utilizing the services of available community organizations, Consultant groups, local assistance offices, the County, and other organizations that provide assistance in the recruitment and placement of small businesses including M/WBEs.

PART 4: REQUIREMENTS DURING WORK

A. Site Visits

King County may at any time visit the site of the work and the Consultant's office to review records related to actual utilization of and payments to subcontracting firms. The Consultant shall maintain sufficient records necessary to enable King County to review utilization of subcontracting firms. The Consultant shall provide every assistance requested by King County during such visits.

In addition King County shall be entitled to recover from the Consultant fees, and costs incurred to enforce the provisions of this section.
